**WHAT IS 4-H?**

4-H is a community of young people across America who are learning leadership, citizenship and life skills. 4-H is about having fun through experiential learning. In 4-H, young people make new friends, develop skills, become leaders and assist in shaping their communities.

4-H gives youth a chance to pursue their own interests. 4-H members go places – to camp, to state and national conferences. They learn to be leaders and active citizens.

In 2013 more than 83,000 Ohio youth were enrolled members of 4-H community clubs. A total of 218,287 Ohio youth get involved in 4-H through special educational opportunities at school, in after school programs, camping, and/or at neighborhood or youth centers. These youth live in cities, suburbs, small towns and rural communities across Ohio.
