

Using 4-H Online

Ohio 4-H uses the 4-H Online system to manage all aspects of the 4-H program, including membership, events, projects, activities and communications. All youth and adults who participate in Ohio 4-H have a 4-H online profile.

Completing your 4-H online enrollment is easy and only takes a few minutes. 4-H online profiles are family-based, which means every family has a “master” profile for each family involved in Ohio 4-H. A family profile may contain both youth and adults:

Youth family members (ages 5-18 as of January 1)

- Eligibility for Cloverbud participation begins when a child is age 5 **and** enrolled in kindergarten.
- Eligibility for Club Member participation begins when a child is age 8 **and** in third grade. Any youth age 9 or above is eligible for project membership, regardless of grade level.

Adult family members (ages 18 and older)

- Adults who have been screened and certified as Ohio 4-H Volunteers can re-enroll
- Adults who want to become certified Ohio 4-H Volunteers complete a volunteer application, then create a 4-H online profile as part of their first time enrollment.

Not every Family profile will contain all the above listed types of members. Some profiles may contain only youth members, while others will have only adults. Some profiles will have both. Once a family profile is created, it will exist for as long as members of that profile are involved in the 4-H program. New members may be added to the family profile at any time and members who are no longer involved in 4-H may be archived.

If someone in your family was involved in Ohio 4-H from 2015-2021, you already have a family profile in 4-H online.
