Pesticide Applicator Exam Preparation

Tuesday, March 5, 2019 • 9:00 AM - Noon

A private applicator applies restricted-use pesticides on his/her own land or rented land, and produces an agricultural commodity. Want to learn more about becoming a licensed private applicator? Go to this web site <http://pested.osu.edu/privateapplicator> for the license procedure.

Each private applicator will need to take the Core test (general safety for the applicator and the environment) and the category(ies) that correspond to the crops he/she grows. For example, an applicator who grows corn and soybeans will need to take the Core and Category 1 exam.

**OSU Learning Center
OSU Extension, Darke County
603 Wagner Avenue
Greenville, Ohio 45331**

www.darke.osu.edu

Our objective will be to offer you exam preparation for Core and Category 1 and to share with you how to prepare for the category tests.

----- ✍ -----
Pesticide Exam Preparation: PRE-REGISTRATION AND PRE-PAYMENT ARE REQUIRED.
