

Private Pesticide Applicator Exam Preparation

Wednesday, January 4, 2017, 10:00 a.m.

**OSU EXTENSION, DARKE COUNTY
LEARNING CENTER
603 Wagner Avenue
Greenville, Ohio 45331**

A private applicator applies restricted-use pesticides on his/her own land or rented land, and produces an agricultural commodity. Want to learn more about becoming a licensed private applicator? Go this web site <http://pested.osu.edu/privateapplicator> for the license procedure.

Each private applicator will need to take the Core test (general safety for the applicator and the environment) and the category(ies) that correspond to the crops he/she grows. For example, an applicator who grows corn and soybeans will need to take the Core and Category 1 exam.

Our objective will be to offer you exam preparation for Core and to share with you how to prepare for the category tests.

Presenters:

- **Sam Custer**, OSU Extension, Darke County

Hosted by:

OSU Extension, Darke County

- Sam Custer, custer.2@osu.edu
