

Soil Fertility & Nutrient Management Workshop Series

MARCH - APRIL 2015

REGISTRATION ONLY

\$20.00

*Registration includes: Four meals, Binder of Reference Materials,
Two Soil Samples (up to 50 acres), calculator and a field/farm plan.*

Wright State University
Lake Campus
Agriculture & Food Science

The Darke Soil and Water Conservation District (SWCD), Shelby SWCD, Menke Consulting, Wright State University-Lake Campus and the Ohio State University will be jointly hosting a fourth round of their Soil Fertility and Nutrient Management Workshop Series beginning in March and ending early April before planting. This series will consist of four workshops that will cover basic agronomy, proper soil sampling, nutrient sources (commercial fertilizers and manures), a soil lab tour, understanding and interpreting the results, recommendations and how to properly maintain and enhance your soils, and the development of a field plan.

SPACE IS LIMITED. Call 937.548.1752 or email jared.coppess@oh.nacdnet.net to reserve your spot today!
